Re: E. Jean Carroll v. Donald J. Trump
Case No 1:2020 CV 07311

22 CV/0016 (AM)

Trial commenced 4/25/2023

Alleged 1996 Rape at Bergdorf Goodman

Honorable Judge Kaplan:

I have some Brady v Maryland, 373 US 83 (5/13/1963) exculpatory evidence and material to offer in this case in favor of defendant. It was previously given to USAG EDNY Breon Peace at a BBA meeting. A copy is enclosed. I will now supplement it.

First, defendant is my half-brother. He suffers from bipolar disorder, as do I, as this mental illness runs in the family, which we have traced back to John & Edward Rutledge, signers of the US Constitution & Declaration of Independence, respectively, from Charleston, S.C. No one, no judge, no court, no legislator, and no President has ever figured out, discerned, or agreed on what those documents mean or intended, a reflection that their authors were a bit meshugana, i.e. shmegegges, bipolar, or that the documents weren't written (or signed) by highly trained, educated lawyers schooled at Cambridge & Oxford, such as John & Edward Rutledge, but rather by their servants, their love slaves,

(2)

spouses, lovers, town tradespeople, or someone else. For example, have you ever met a $\frac{3}{5}$ person? I haven't either, but there "it" is, a $\frac{3}{5}$ Person, still in the main text of the US Constitution (US CON, or "CON JOB" or "CON" for short). Not to mention Transformer People, a person that begins as a 100% Person then transforms into a Zero Person upon conviction of a crime and imprisonment, and according to the Eighth Amendment, becomes a Slave, with Zero Rights, which is very confusing, since African "Slaves" were the $\frac{3}{5}$ People, are criminals Zero People or $\frac{3}{5}$ People? Not to mention immigrants who begin life as 100% people but transform into Non-People, Like Zero People, if they enter the US Without Papers, like the Italians, like everyone in the US, since Native Americans owned the land and never gave immigration papers to anyone. Women and children aren't mentioned at all in the CON, guess they are like POW-MIA's - missing in action - missing people. That's even less than a ZERO Person or $\frac{3}{5}$ Person.

Partying, drinking, drugs, dancing, mental illness were all problems of the Founding Fathers & Mothers, who were busy bingeing and having sex orgies & sex with their African & Caribbean servants, so they left it - the drafting, writing & signing of the CON and Declaration of Independence (DOI) to their love servants, who did the best they could to figure out what was wanted, but didn't know division - they thought three fifths gin or of bourbon or scotch or rum was three bottles but got it mixed up with the people at the parties drinking it.

$\frac{3}{5}$ People? Zero People? Transformer People?

(3)

POW-MIA People? And 240 years spent trying to correct mistakes in the CON with 27 Amendments that no one understands or interprets uniformly, with women & children still MIA's, like exiled Native Americans, with criminals & immigrants still Zero People & Transformer People, and $\frac{3}{5}$ People, who were 100% People when in Africa & the Caribbean, transforming into $\frac{3}{5}$ People, but not even people - they were cargo - and the cargo transformed into a $\frac{3}{5}$ Person - that problem remains in the main text of the CON.

Forget about the 13 Amendment. At best it applied to men, leaving women still $\frac{3}{5}$ People. And nevertheless, The main text remains - African & Caribbean lovers - travelling back in the 1600's-1619 to present are still $\frac{3}{5}$ People! Is Vice President Kamala Harris a $\frac{3}{5}$ People? *I don't think President Joseph R Biden would have selected her for office if she was. *She'd be invisible! Not to mention President Barack Obama & First Lady Michelle Obama, Harvard educated & graduated lawyers! (*Neither would Doug Emhoff, 2nd Gentleman)

You must agree the CON is absurd in content to present date, and void ab initio - null and void ab initio, which means that all the laws, rules & regulations based upon it & arising therefrom, are also null and void ab initio.

How can any defendant assert their US Constitutional rights when the CON is null and void ab initio? (They can't)

Since there is no valid legal document - a constitution - establishing and governing a nation - in this case the US - the US is not a nation.

(4)

It fought a Revolutionary War of Independence, wrote a DOI on July 4, 1776 to start the Revolution, fought many years all over the East Coast, from Chester, PA, Philadelphia, PA, Boston, MA, Brooklyn, NY, LI, NY, Fort Ticonderoga, NY, New York City, NY, NJ, Trenton, NJ, Maryland, Brandywine, DE (home of DuPont Co., founded by E. I. DuPont, supplier of all gunpowder & explosives to the American Army, Navy, Coast Guard, Marines from then through the Vietnam War), DC, Baltimore, MD, Virginia, North Carolina, South Carolina, Georgia, New Hampshire, Vermont and into what later became Maine and Florida; obtained a British surrender to end the fighting, but failed to create a legitimate legal document - a constitution, to create & establish an independent new nation.

The entire United States of America therefore reverts back to the British crown of Queen Elizabeth II (QE II) and her successors - King Charles & Queen Camilla of England.

This court must decide its pending case of Carroll v. Trump pursuant to British substantive & procedural law.

Alternatively, the only valid law existing in 1776 & 1783 when the DOI and CON were signed, was international maritime law, which still exists and is observed world-wide. This court must place the Silver Oar of Admiralty on the wall behind the bench, to become a Court of Admiralty, and adjudicate the pending case pursuant to the uniform international maritime law of the seas, the same law which brought

(5)

3/5 People, Zero People, MIA people, and Transformer People to the shores of America.

As a court sitting in admiralty, all pending collateral federal cases vs defendant Trump can be expeditiously resolved with dismissal and exoneration, including the two impeachment proceedings, two Congressional investigations, federal income tax convictions, investigations, charges, labor and employment, convictions, investigations & charges, and all other federal cases.

As a state court sitting in admiralty, the court should & must provide similar treatment to defendant, which also includes defendant's family, corporations, businesses, associations, partnerships, LLC's, LLP's and all other entities, and charges and convictions made or entered against all employees, associates, attorneys, advisors, consultants, and representatives of the aforesaid.

If these reasons are insufficient to the Court to dismiss the pending & all cases against defendant Trump, then the cases should be dismissed due to his bipolar illness and temporary insanity - a bipolar episode. He should be referred to outpatient psychiatric treatment by a qualified psychiatrist, psychologist or mental health care social worker treatment once a month. There are many qualified persons available to treat him in Chester, PA, and NYC. Some of the best graduated from Cheyney University, West Chester University, HBCU, U of DE, Widener U, Temple U, Drexel U, U of PA, Neumann University, and in NYC, CUNY, SUNY, Hunter, Brooklyn College, St Joseph's, St Francis, Long Island University, PRAATT, Hostos University, Medgar Evers University, Buffalo, MSU,

Chester City, PA has offered free services to Trump in exchange for the exclusive right to burn every DOI, US CON, SCOTUS & US Court Case decisions in Federal Reporters series & others, all US laws, rules & regulations that exist in the US and world, using COVENTIA's Incineration Facility on Highland Avenue, for five years, at a total cost to the US government of \$969 Trillion per year, and to state governments of all states (50 now, soon to be 69) of \$69 Billion per year, as Chester, PA never benefitted from the DOI, CON or its progeny, has been red-lined, and bankrupted by them, and is happy to return the favor. All funds to be payable to LaDonte Bell, Sports Coach, Chester High School, 200 West Ninth Street, Chester, PA 19013-4288 (Tel 610-447-3700; FAX 610-447-3682) who is working with Chester Mayor Thaddeus Kirkland, Kim Pinder-Garner, Environmental Specialist. Streets, Sidewalks, Dumpster Removal, Engineering, Bulk & Regular Trash, Recycling & Handicap Parking, and Chester City Council, Chester City Hall, One Avenue of the States, Chester, PA 19013 (610-447-7742), to clean up Chester, PA and the USA.

perfectly; "Judenrein" - the world would be better if the Jews were extinct, leading to the Holocaust genocide of six million innocent, intelligent, wonderful, charming, loving, industrious, creative people of the Jewish faith, not to mention Africans, physically disabled, mentally disabled, LGBTQIA, all dissidents, and "foreign" countries which were conquered in Europe, Africa, and the Middle East; and that he, Adolph Hitler, Der Führer, was the best, the greatest, supreme leader of the world. Supporting him in his "High Command" were extremely "well-educated," "professionals," many of whom reached the "end of the rope" at the Nuremberg Trials, while Adolph, his mistress Eva Braun (brown, Jewish undercover spy) and other leaders committed suicide.

Benito Mussolini, Italian Fascist dictator, had similar delusions of grandeur as Hitler, but not as competent & skilled as Hitler. Like all draft eligible men in the U.S., my dad, with all the African-American, Caribbean-American, Jewish-American, Latinx-American, Asian-American, LGBTQIA-American, women, and children, including adopted children like myself (Dr. Martin Luther King, Jr., real father, Edna Sarah Rutledge McCall Mills Smith, real mother, Marcus Mosiah Garvey, real grandfather, Lugenia Ruth Edwina Rutledge Mills real grandmother), from Chester, PA served in World War II, just as they had done in World War I, the Spanish-American War, the Civil War, the "Indian" Wars, the Revolutionary War, wars going back to 1619, and wars thereafter - the Korean War, Vietnam War, Cuban Bay of Pigs Invasion, Iran-Iraq War,

Franco's War, and the Afghanistan War, which President Joseph R. Biden, to his everlasting credit, smarts, and experience, has ended (and yeah, he's a Scranton, PA guy). Hundreds of Chester High School grads & students never returned home. They lie buried all over Europe, Africa, Asia, India, The Philippines, Indonesia, Pacific Islands, in marked & unmarked graves, some in mass graves, and many MIA and POW-MIA, just like Jews murdered in the Holocaust & pogroms, Africans & Caribbeans who died in slavery and as a result of racism in the US, Europe, and the Middle East. They all need to be brought home, identified, and remains returned to families for suitable final rites and burials, which the New York City Medical Examiners Office is prepared to do, with assistance from all other states & cities, including the Chester, PA Medical Examiners Office at Crozer-Chester Hospital. Reparations must be made to all Africans, African-Americans, Caribbeans, Caribbean-Americans, Jews & Jewish-Americans for slavery, discrimination, and anti-Semitism by the United States government, with President Biden agreeing & stipulating the US is liable criminally and civilly for money damages, which the US cannot afford to pay; that the US is bankrupt, and he authorizes a turnover of all US government properties - real + personal, all assets, machinery, equipment, the military and entire government apparatus, to the descendants of Dr. Martin Luther King, Jr. (Martin Luther King III & Dr Bernice King, Esq) and Marcus M Garvey (Dr. Julius Garvey & Marcus M. Garvey, Jr.)

for satisfaction of their claims as the largest creditors, and administration & distribution of the estate to others, with the Government of Israel (Prime Minister Benjamin Netanyahu), representing all Jewish creditors, as an equal creditor.

Among the deserving distributees, all military personnel serving now or in the past (veterans), even for one day, and men, women, children, LGBTQIA who died for their country in the military service, civil service, and secret service, have priority, with Chester, PA, Philadelphia, PA, Brooklyn, NY, Harlem, NYC, New York City, NY, Newark, NJ, Camden, NJ, Albany, NY, Wilmington, DE, Baltimore, MD, Charleston, SC, Seattle, WA, Detroit, MI military & veterans & their families, - as first recipients to be satisfied, in that order, balance to residents of all other urban inner cities that are red-lined like Chester, PA.

In accordance with King/Garvey family wishes, which Acting Presidents Joseph Biden and Kamala Harris, Dr Jill Biden & Doug Emhoff, agree with, the focus of US foreign policy and trade is with Africa, the Caribbean & Brazil to begin reparations. The Black Star Line, Inc & Black Star Line of NY, NJ, PA, DE, Inc (agent only) will carry the cargoes, with crews of African & Caribbean-American sailors & captains, trained by the US Merchant Marine Academy at Kings Point, NY, aided by Maine Maritime & all pending Marcus M. Garvey Merchant Marine Academies in Chester, PA (f/k/a Newmann University) (aided by Widener University), on NYC's Governor's Island (f/k/a Marcus M. Garvey Island with Marcus M Garvey University), on

(14)

Riker's Island (f/k/a Khalief Brouder Island) and in every state of the USA. Locations near ocean, rivers and lakes are preferable, but as all prisons in the US are to be demolished or repurposed and built for classrooms as a Marcus M. Garvey Merchant Marine Academy. For example, the George W. Hill Correctional Facility near Cheyney University is perfect, as is the old Eastern Penitentiary in Philadelphia; the Manhattan House of Detention in NYC, The Brooklyn House of Detention on Atlantic Avenue, Brooklyn, NY; Alcatraz, CA. Training of Black Star Line, Inc crews will also be done with MAERSK Lines of Copenhagen, Denmark, whose King and Queen Margrethe were 1st and brave and bold enough to wear a yellow Star of David that Jews were forced to wear in World War II, to lead their nation in defiance of Hitler and rescue Jews from Europe by boat, travelling to Malmo, Sweden for deliverance and safety. They didn't have to, they volunteered and did the right thing. Training will also be done with ZIM Israel Lines, whose fleet is not as large but their captains and crews are also the best. As President Biden has, by Juneteenth Order Amendment, declared that Judaism is the official national religion of the US and all states; by separate Juneteenth Order Amendment that the planet Earth is renamed Africa Israel, because civilization began in Ethiopia, Africa where Judaism began, spreading to Egypt, whose pyramids were engineered and built by Sephardic Jews, who fled slavery and went to their now established country of Israel, which country

now includes the West Bank, Gaza, Palestine, Jericho, Judea, Sumeria, Nazareth, all of Jerusalem (its capitol), Syria, Jordan, Lebanon, Iraq, the Suez Peninsula to the Suez Canal, while all "Palestinians" and Muslims residing in those lands aforesaid will be transported to Port Said, Egypt, via the US Navy, Merchant Marine, Air Force, Army, Coast Guard and military, with Israel's assistance, to live and work on building a second, modern Suez Canal, 5-10 miles to the east, to be owned and operated by Israel upon completion, with the new Palestine country extending south 50 miles along the original Suez Canal and west 50 miles to form a square, then north 50 miles, returning east 50 miles to Port Said, Egypt, with Egypt conceding a 20% commission on all revenues earned from the first Suez Canal to the new country of Palestine (in addition to the land). Yassir Arafat is Palestine's Prime Minister and is to establish a new government, with a female President, as Equal Rights for Women pursuant to NYC Mayor Eric Adams' Equal Rights Act, will be enacted and is enacted there as its first law, just as it is being enacted in the US by Presidents Joseph Biden/Kamala Harris.

The government of Iran will become secular - they picked the wrong religion. Iran will be renamed Persia, and Dr. Mehrdad Naorani of NYC, NY will be its Prime Minister of the new Jewish country, with all "former" royalty free to return and resume their titles, with powers similar to those of UK royalty (Queen Elizabeth II).
The same re-establishment of royalty and

(16)

granting of royalty (a great fund-raiser for cash-strapped countries) will be permitted in Europe, South America, Latin America, the Caribbean, Russia, China, Vietnam and the U.S., and all its states, as the USA is dissolved upon bankruptcy and returns to ownership by the British crown due to a void ab initio CON and DOI. It then becomes the C.S.A. - Confederation of States of America. For the USA + CSA local king, former President Donald J Trump and former First Lady Melania K. Trump are King and Queen. They and family, businesses, agents, servants and employees are exonerated from all crimes, misdemeanors, federal, state & local, from impeachment, from impeachment investigations, from tax crimes, labor law crimes, employment crimes, and civil rights violations.

As a result, the case pending before Your Honor, must be dismissed, with prejudice. As previously stated, the uniform federal maritime law, as interpreted by NYS, controls, the uniform international maritime law as interpreted by NYS + US-SDNY & US-EDNY controls, and you are adjudicating his case under the wrong law, and plaintiff pleaded her case using the wrong law. The maritime law must be used throughout the US in every court, just as it was used to bring Africans to the US as servants and love slaves, because the Founding Fathers & Mothers enjoyed cohabitation and intercourse better with them. Just ask me.

The UK royalty for the US - King Harry and Queen Meghan Sussex, are already here, but

they're living in the wrong place - California instead of the White House in DC, which is renamed the Black House in the state of Frederick Douglass. Of course they're always welcome in Chester, PA, since we're renaming President Barack Obama's Bridge - now known as the Commodore Barry Bridge over the Delaware River to Bridgeport, NJ - to the Admiral Archie Sussex Bridge - for King Harry + Queen Meghan's son - and it would be nice if they could attend the dedication on Hanukkah, 2023, along with the rest of the British royal family, European, African, Arab, Asian, Chinese, Asian, Middle East, and of course Philadelphia's Grace Kelly - Prince Albert family of Monaco & also Liechtenstein, who contributed to the Black Star Line, Inc. & International + C.S.A. Flag, along with heads of state and the United Nations members. Of course the officials from Sussex County, DE which is simply a name coincidence. The Black Star Line, Inc. Shipbuilding Corp. of Chester, PA, the operational headquarters for the entire worldwide & African - Caribbean - Brazil trade, will be there, along with its executive offices people from Harlem, NYC, NY will be there, along with every major sports star, sports team, singers, musicians, MOTOWN, entertainers, theatre, movie stars, dancers, and cheerleaders will be there too, from around the world. What Chester makes, makes Chester. And Chester produces the best, brightest, smartest, sharpest people in the world! We're redlined to prove it!

By the way, per maritime law and its rules, all litigation cases are being arbitrated, So,

(18)

Your Honor, you lack authority and jurisdiction to hear, try and decide with or without the jury, the entire Carroll v Trump case and must dismiss it with prejudice against plaintiff. All US litigation & state litigation, not arbitrated, if the party demands a court, will go to the local Beth Din affiliated with synagogues, whose final judges (like SCOTUS) is the Chief Rabbi of Jerusalem, Israel, and thereafter the Chief Rabbi of Israel.

Now there's more to mention about Chester, PA, including the new Kobe & Gianna Bryant International Olympic Stadium adjacent to Chester High School; Serena Williams International Olympic Tennis Stadium; Simone Biles International Olympic Gymnastics Stadium; Michael Phelps - Katie Ledecky - Mark Spitz International Olympic Swimming Stadium; Greg E.  cite it in your decision in this case and
 gonna completely reverse Plessy v Ferguson
 so you too can be famous and be on SCOTUS,
 and you're gonna expressly exonerate Dr Martin
 Luther King, Jr and Marcus M. Garvey in
 your decision, along with Donald Trump and

the King, Garvey, & Trump families, businesses, agents, servants, employees & advisors, and you better start exercising some collateral jurisdiction to exonerate all AAAS from all crimes & misdemeanors for which they were convicted, or charged, or tried or accused of, along with CAAS - JAAS - LG BTQ - AS - WAAS.

And yeah, reppin the Founding Fathers - Mothers of South Carolina - John Rutledge & Edward Rutledge, I got something to testify about in this case & take full responsibility for, so let me know when you'd like me to appear, and you better delay + postpone + suspend the trial pending that day, or otherwise dismiss it with prejudice. But you got some ejusdem generis or whatever, to make your case apply to or cite foreign jurisdiction law, like the UN International Criminal Court in Africa & UN Court of Human Rights in Geneva, Switz, or is it Strasbourg, France or Strassburg Germany or Vienna, Austria, based on Eleanor Roosevelt's Universal Declaration of Human Rights, which the US ignores at its convenience, but yeah, continuing the Olympics - and we really are on Mt Vesuvius, Sicily, Italy cause the legal decision you gotta be makin not fakin is hotter than hell & will set the world on fire, not just the US, or NY, or Chester, PA or Balt, more, Atlanta, DC, Detroit, Seattle, St Louis, Minneapolis, LA, Compton, Jackson, & every poverty-ridden ghetto, whether for AAAS or JAAS or LG BTQ - AS - WAAS, so to resume & be tops on next page

To conclude Point 1 of reasons for dismissing the case against Donald Trump and exonerate him, is, he's b.polar, sometimes as crazy as me, and I told him what to do when we were in bed together at the welfare hotel - the Comfort Inn at Philadelphia International Airport, So I'm responsible, not him, and with bipolar disorder, you're always hyper-sexual. This problem runs in the Rutledge family, And it ran in all the other

families of the Founding Fathers & Mothers back in the 1700's, who were also African & Jews.

The second reason you should dismiss is that DJ always shops Bloomingdale's & Tiffany's, not Bergdorf-Goodman.

The third reason is he was hanging out with me & Marla Maples in 1996, and we were hanging out in Harlem, Philly & Chester & Brooklyn, not in NYC.

The fourth reason is mistaken identity. There are at least 5-10 other guys who look like DJ Trump, have the same appearance, dress style, hair style, body build, mannerisms, swagger and speech as Donald. Can you imagine I made a mistake, met one, had sex with him and didn't realize he was someone else - not Donald. I won't even discuss my sex problems since age 13 with Joe when we had a car accident on Route 202, or with Martin in Chester, like my mom, or her mom with Marcus. I didn't know one would be a president, or a preacher or a printer or sailor. So you know, most white men look the same to me - and I'll bet Ms Carroll has the same problem, just doesn't want to admit it.

The fifth reason to dismiss is lack of demonstrative evidence. Let Ms Carroll demonstrate in the courtroom specifically with DJ (Trump - I call him DJ because we dance to the same music) what happened, then DJ and I will demonstrate the same thing and go all the way. Believe me, it

(42)

will be very different, and you'll have to dismiss, unless the jury wants to participate, then you'll dismiss. DJ never sexually molests or rapes any woman standing up - it's always in bed, so please provide a comfortable bed in the courtroom for the demonstration, Sealy mattresses are OK, so is Mattress Firm, Mattress Max, Coosmax, but not the Max I screwed with, but DJ was really a Max too he was that good in bed.

The sixth reason you must dismiss is that all US Presidents, Vice Presidents, Senators, Representatives, and US Supreme Court justices, their spouses, children, and immediate relatives and family have absolute immunity from criminal, civil, tax, and administrative prosecution by all federal, state, and local law authorities. Ask me, I know, cause my drunken, drug addled, party going family - Edward + John Rutledge wrote the DOI and CON Job - actually their love servants did - as they were all enslaved in love, said so, and that oral representation (among others) was passed down to their descendants, and some wrote it down with pens. Where do you think (+why) Pennsylvania got its name. It wasn't just Billy Penn, It was Billy Pen, like pen + pencil, he wasn't too good at spelling his name, or else pens are spelled wrong and should be spelled "penns", like cattle pens should be cattle penns, and Mike Pence should be Mike Penns or Mike Penis, oops no; there, Mike Pens, but

really he was named after the British pence, like two pence or tuppence or Tupperware like Al Gore's wife Tupper, but I never met her for supper but he was OK and I named a park for him, but it was too Gory for Brooklyn so it got renamed MOTOWN Music-Wakanda Park Children's Playground, with Diana Ross of the Supremes, really she's from Detroit, MI & Cass High School, as manager, named for Motown Records + singers and Chadwick Boseman. I lost the Vogue Magazine, August 2021 issue that has the face for the new Statue of Liberty on the cover of Vogue Italia - she's an African-Italian, or Italian-African - we Rutledges get easily confused & misspell our name constantly - Rutledge, Rotledge, Raut ledge, Ritledge, Ridledge, Ridley, Ridley Park, Riddle, you name it, we done it & misspelled it, just like the DOI + US CON, so others can't figure them out.

The seventh reason for dismissal, since the DOI + CON are void ab initio, so that British law should be applied, is that really the only law you're left with, is the Uniform Federal Maritime Law of the US and/or Uniform International Maritime Law. You never applied either one to this case and you never told anyone you were a maritime judge, that the court was an admiralty court, nor did you raise and place the silver oar on the wall behind your bench. Maritime law applies because how the hell

(44)

do you think we all got to America?
By boat. As immigrants. By boat, as
indentured servants, love slaves, slaves,
and by accident. So your judicial procedure-
land-based-is all wrong and so is the
procedural + substantive law you're applying.
You got to (must) dismiss

The eighth reason is that maritime law
prefers and resorts to arbitration to resolve
disputes. There has been no opportunity
given to defendant Trump to arbitrate
his case (defense) nor to plaintiff Carroll
to arbitrate her claims. You must dismiss
with prejudice. If you want to refer Ms Carroll
to the American Arbitration Association,
that's OK, but it must be maritime arbitrators,
and if Ms Carroll is unhappy and wants to litigate
in court, the local Beth Din at the
Temple Emanu-El on 1 East 65 Street
will be happy to hear her case, or the local
NYC Board of Rabbis, Rabbi Joe Potasnik,
will be happy to hear + decide her case.

The ninth reason to dismiss is that all
criminal cases in the US will be litigated
like civil cases - with rights to interpose
affirmative defenses, demand bills of
particulars, interrogatories, depositions,
make preliminary motions, have preliminary
hearings & case conferences to attempt
settlement - all before trial - with a jury
of at least 6 persons + 2 alternates. But
that must be changed to 12 persons + 3 alternates.
I noticed in the pending civil case you only

(45)

have 9 jurors. Further D.J. is an African Jew like me & the Rutledge family. He needs a jury of his peers - African Americans - Jewish Americans - and yes - LGBTQIA Americans, because lots of Rutledges are LGBTQIA - D.J. likes to party and be gay, I like to party and I'm a trans-transvestite, transgender, tranny granny, tranny, trumpy, brainy, frumpy, nerdy, absurd. So you got to dismiss pursuant to Batson v Kentucky, a SCOTUS case. Fresh outta Scotland, I mean Ireland, I mean the Highlands, Highland Avenue Chester PA, or the Uplands, Upland Chester PA or the Lowlands, Way Down Lowlands, em... DC lands, Frederick Douglass lands - the new DC State where I gotta place in Anacostia.

The tenth reason to dismiss is this case can easily be settled. Plaintiff splits her royalties on the book she has written on DJ up to the time of trial as follows:

Plaintiff - author	16%
Defendant Trump	16%
Chester City, PA	16%
Brooklyn, NY	16%
Dr Martin Luther King	16%
Marcus M Barney	16%
NYC Board of Rabbis	

Temple B Emanu-EL 4%

The book will be printed & published by The Chester Times, whose editor + publisher + owner is Brent Staples. He's OK, got a good c.v.

Which reminds me about the

Chester International Writing Olympics;
 Chester International Poetry Olympics;
 Chester International Art Olympics;
 Chester International Furniture Olympics
 Chester International Museum Olympics
 Chester International Train Olympics
 Chester International Airplane Olympics
 Chester International Helicopter Olympics
 Chester International Space (NASA)
 Olympics

Chester International Astronomy Olympics.
 Chester International Radio & Television Olympics
 Chester International Journalism Olympics.
 Chester International Building Construction Olympics
 They're all gonna happen in Chester &

Harlem & Brooklyn.

Judge, if your town got screwed, and
 you got screwed too, like Chester is
 bankrupt and I'm almost there -
 wouldn't you want everything & all the
 best for it? Of course you would!

Mazel Tov & L'Chaim! So it's happening

Before or after you read this missive
 (Why are legal briefs not short?) and
 exhibit(s), try the case, take
 my testimony (or not), conclude the
 case, allow jury deliberations, reach
 a decision on liability + damages.

I'd appreciate a delay in my
 sentencing so I can do some stuff
 to implement my plans, future, raise bail
 money, complete my community service

sentence (see pp 1-4/6 supra and Exhibit(s))
and get my affairs in order, since there's
quite a few. *

Respectfully submitted,

* The eleventh reason to dismiss is double jeopardy. Plaintiff had the previous opportunity and trial against Trump where she could and should have litigated her defamation & assault & battery (rape) claims

I have not forgotten about establishing the Dr Martin Luther King, Jr. Museum & Dr Martin Luther King, Jr. International Civil Rights & Social Justice Action Academy at Chester Crozer Hospital's Administration & Building, formerly the Crozer Theological Seminary where Dr King received his divinity degree, nor have I mentioned the Dr Martin Luther King, Jr. International Civil Rights Heroes Statues in the Pennell Street Children's Garden, nor the Beau Biden Synagogue, nor the President Joseph R Biden & Dr Jill Biden-Emmett Till-Anne Frank Memorial Library, nor the Beau Biden Memorial Cemetery, nor the Dr Martin Luther King, Jr. National Civil Rights Cemetery, nor the St Marcus M Garvey International Revolutionary War Cemetery (f/k/a St Michael's Cemetery) all in Chester, PA, nor the Jahaad Atkinson-Ahgar Womack Children's Art Museum & Sports Playground at Deshong Park.

I have not forgotten the Walter Whitman-James Baldwin Poets Park & Crispus Attacks Revolutionary War Cemetery in Ft Greene, Brooklyn, NY, nor Dasani Coates-Moshe Dayan-Neil de Grasse Tyson

(VP Kamala Harris MOM's) International STEM Yeshiva High School of Technology, or the Black Star Line Shipbuilding Co, Inc of Brooklyn (formerly known as the Brooklyn Navy Yard), nor the Williamsburg Childrens Playground at what is now a nature walk, nor covering over with parks the Brooklyn-Queens Expressway in Brooklyn Heights, and all the way out of New York City to Long Island and all the way out to the end of Brooklyn Bay Ridge - Coney Island, nor Queen Esther's Museum in Ft Greene on Myrtle Avenue operated and managed by Deborah Halberstam, whose son was murdered on a school bus on the Brooklyn Bridge by a Palestinian fanatic, nor have I forgotten that one of the bravest women - an Orthodox Jewish mother who now presides in the NYC Civil Court and is an Acting Supreme - because she is - will be nominated and placed on the US Supreme Court - Rachel (Ruchie) Freier, replacing Justice Brett Kavanaugh, effective immediately, because Justice Kavanaugh resigned to become President of Kavanaugh's Finest Irish Cream Liquor Co.

Nor have I forgotten the United Nations is moving its headquarters to Kinshasa, Republic of Congo, with NYC UN buildings & grounds to be developed by Larry Silverstein, who rebuilt the World Trade Center.
